STEP BY STEP PROCEDURE FOR CONTRACT MANUFACTURING

RESEARCH AND DEVELOPMENT

Elfa Group R&D specialists have devoted themselves to the main company mission — creation of highly effective formulas and innovative recipes which could be an ideal decision for all the age groups, different skin and hair types.

The continuous development allows R&D technologists create outstanding cosmetic lines with high percentage of natural ingredients. We produce nearly 500 brand new unique formulas each year.

Elfa Group promotes health, safety and beauty. Elfa Group — keeps up with nature, cutting edge technologies and latest cosmetic industry trends.
